Acknowledgements

I am thankful to my parents, **Rodica** and **Dorin**, whose sacrifices have been the starting point of my success. The hard work and faith they have demonstrated, alongside the decision to emigrate from Romania to Italy for the sake of providing me with a brighter future, have been the driving force of my aspirations. Their love and support have been my constant source of strength.

A heartfelt thanks to my girlfriend, **Margherita**, for her enduring patience, encouragement, and love. Her belief in my capabilities and understanding during the demanding times of this degree have been invaluable.

Last but not least, I would like to express my appreciation to my two cats, **Mimmi** and **Shelby**. Their companionship during the long nights of study has been a relief. They have been silent and sleepy witnesses to my struggles and accomplishments, their presence is a constant reminder of the importance of the little things in life.

To all of you, I am eternally thankful. Your contributions to my life and this work have not only helped shape this academic effort but also enriched my personal growth.
